

FOR IMMEDIATE RELEASE

Congratulations to our 2024 Brain Tumour Research Grant recipients

London, Ont., Apr. 11, 2025 – Brain Tumour Foundation of Canada is pleased to announce the recipients of our 2024 Research Grants, awarded to four outstanding researchers whose innovative projects aim to advance the understanding, diagnosis, and treatment of brain tumours.

These researchers have demonstrated exceptional dedication to advancing the field of brain tumour research. Their projects have the potential to drive significant progress and positively impact the lives of those affected by brain tumours.

The 2024 Research Grant recipients are:

- [Julie Bennett](#) – Hospital for Sick Children (SickKids): *“Understanding outcomes in pediatric patients treated with IDH inhibitors—A pilot cohort”*
- [Candice Poon](#) – University of Calgary: *“Charting the three-dimensional glymphatic system in human glioblastoma”*
- [Angela Sekely](#) – Princess Margaret Cancer Centre: *“Development and Evaluation of a Psychoeducation Resource for Cognitive Systems in Adults with Primary Brain Tumours”*
- [Garnette Sutherland](#) – University of Calgary: *“Artificial intelligence for early diagnosis and prognostication for meningioma”*

“This funding plays a vital role in helping us create a meaningful tool to empower individuals with brain tumours with knowledge and strategies to address cognitive challenges as they navigate their diagnosis, treatment, and survivorship.” — Angela Sekely, 2024 Research Grant recipient.

We extend our heartfelt congratulations to our 2024 Research Grant recipients on their well-deserved recognition. We look forward to seeing the impact of their groundbreaking research in the years to come.

About Brain Tumour Foundation of Canada: Brain Tumour Foundation of Canada is the only national charity in Canada offering information and support to patients affected by any type of brain tumour—cancerous, non-malignant or metastases. The organization funds ground-breaking research across North America and, since 1982, has dedicated over \$10 million to finding a cure and improving treatment for brain tumour survivors.

Brain Tumour Foundation of Canada is funded solely through generous contributions from individuals, corporations, organizations, employee groups and special events.
